Effective Club Fundraising

presented

by

Lion James Johnston, District Governor A4

Effective Club Fundraising

Overview

1. Standard Types of Fundraising
2. Bigger Fundraising Events
3. Fun Events (Not Necessarily Big Fundraisers)
4. Special Fundraising Events
5. Lions Participation
6. Raising Funds from the Public and Lions Members
7. Fundraising Idea for Your Administration Account
8. Lions Community Needs Assessment
9. Lions Clubs International Foundation (LCIF) Funding Programs
10. The Ontario Trillium Foundation Funding Programs
11. Quebec Funding Programs
12. Fundraising Experiences of Participants
13. Planning a Fundraising Event
14. Breakout Session (if time permits)
15. Fundraising Ideas
16. Some Things to Watch Out For
17. Some Fundraising Suggestions
18. Fundraising Session Wrap Up

Effective Club Fundraising

1. Standard Types of Fundraising

- Bingos
- Raffles (local)
- Food concessions
- Selling – cakes, candies, bunnies
- Nevada tickets
- Etc

Effective Club Fundraising

2. Bigger Fundraising Events

- Lobster fest
- Steak BBQs
- Pancake breakfasts
- Maple fest
- Celebrity Auctions
- Band fest
- Antique Car Show
- Large prize raffles (boats, trailers, ATVs etc)
- Golf Tourneys
- Walk For Dog Guides
- Walks, Runs, Relays
- Etc

Effective Club Fundraising

3. Fun Events (Not Necessarily Big Fundraisers)

- Community Fun Days
- Halloween Display
- Christmas Shows/Parties
- Christmas Parades
- Canal Fishing Derby
- Etc

Effective Club Fundraising

4. Special Fundraising Events

- Motor vehicle license bureau (Buckingham Lions Club)
- Melody of Music
- Christmas Cheer Broadcast
- Lights of Harmony
- Etc

Effective Club Fundraising

5. Lions Participation

- Annual fairs
- Air shows
- International Ploughing Match
- RCMP Sunset Ceremonies
- Other special events
- Etc

Effective Club Fundraising

6. Raising Funds from the Public and Lions Members

Raising Funds from the Public

- Funds raised from the public, less direct operating expenses of the fundraising activity, must be returned to public use and not to your administration account
- Interest accumulated from monies raised from the public must be returned to the public.
- Lottery licenses are required when raising funds from the public on raffles, etc.

Raising Funds from Lions Members

- Funds generated from assessment of dues and fines are administrative.
- Proceeds of fundraising activities confined to Lions members may go into your administration account, but care must be taken to limit scope.
- Lottery licenses are not required when raising funds from Lions members on raffles, etc.

Effective Club Fundraising

Raising Funds from the Public and Lions Members

Lions Clubs International (LCI) Policy on Publicly Raised Funds *

There appears to be a variance of interpretation by Lions Clubs regarding the use of funds raised from the public through various fundraising activities. It is known for the most part Clubs are aware of the policy of Lions Clubs International regarding the use of publicly raised funds. However for the record the policy should be restated and the legal interpretation by Karen Dolinick, Senior Attorney for LCI should be widely distributed throughout the Multiple District.

“All funds raised from the public must be returned to public use. The only deductions which may be made from activity accounts are the direct operating expenses of the fundraising activity. Money accumulated from interest must also be returned to public use. Publicly raised funds may not be used for Lions members training or to benefit Lions members and their families. Clubs may hold publicly raised funds for a reasonable period of time - a reasonable period is usually considered to be one year. A Club may hold funds longer than one year if they are earmarked for a specific project with a targeted completion date.

Consistent with the above, Article VII, Section 3(g) of the Standard Form Lions Club Constitution under the duties and powers of the club Board of Directors provides:

“It shall not authorize, nor permit, the expenditure, for any administrative purpose, of the net income of projects or activities of this club by which funds are raised from the public.”

Simply stated, there shall be no public solicitation of funds to defray administrative expenses of the club.

* The above article appeared in the District A4 Governor's Newsletter, September 2003

Effective Club Fundraising

7. Fundraising Ideas for Your Administration Account

- Active Tailtwister
- Auctions
- Raffles at club meetings
- Collecting and crushing pop cans
- Host a District convention, cabinet meeting or zone meeting
- Lions Participation activities (Plowing Match, Air Show, etc)
- etc

Effective Club Fundraising

8. Lions Community Needs Assessment

Every year your club should assess the programs and services you provide to your local community. Through a simple analysis, you will be able to understand and accurately determine:

- What kinds of volunteer service your community needs
- Whether your club's current service projects are still needed by the community
- If other organizations in your area are providing similar services

This assessment will help you better serve your community by helping you focus on projects and programs that are important to the people in your area. In addition, by conducting programs that are meaningful to your community, your club will be able to demonstrate leadership and pride that can help build team spirit within your club and attract new members.

Take the following steps to accurately assess the needs of your community:

1. **Discuss Analysis with the Board**

Impress upon your club's board of directors the value of conducting a community needs analysis. Explain how it will help the club and focus on programs and projects that are still needed and are exciting and challenging to all involved – including club members.

2. **Appoint a Committee**

After receiving the go-ahead from your board, discuss the importance of an annual assessment with club members at a meeting. If necessary, appoint a committee to handle the assessment.

Effective Club Fundraising

Lions Community Needs Assessment

3. Decide Who to Contact in the Community

Before beginning your assessment, you and your committee will need to decide who can best evaluate the needs in your community. Make a list of the people you will want to contact. This list will need to be selective, since you cannot reach everyone; however, you will want to make sure that all major resources are contacted. For example, you will want to talk to someone who has a solid understanding of educational services and needs in your community. In addition, you will want to talk to “experts” in environmental, health, social and youth services.

Here are examples of types of people you will want to contact:

Educational Services	High school principal or teacher, Director of the local library
Environmental Services	City or county official in charge of environmental issues
Recreational Services	Park district coordinator, people in charge of community activities and programs
Social Services	Police, firefighters, voting registration personnel
Health Services	Hospital administrators, doctors, nurses
Youth Services	School counsellors, social workers, student leaders, people in charge of community youth programs and activities

After completing your list, secure addresses and phone numbers of each contact so the work can begin.

4. Survey Community Contacts

Call the contacts on your list to see if they would participate in the assessment. Explain that the survey can be handled by phone or by mail. If a phone survey suits your contact, pull out the questionnaire in Lions publications MK-9 and begin asking questions. If your contact would rather complete the assessment in writing, then mail your contact the questionnaire. A sample cover letter is provided in Lions publications MK-9. Also, include a stamped, self-addressed envelope to increase the likelihood of a reply.

Effective Club Fundraising

Lions Community Needs Assessment

5. Analyze Survey Results

The committee can begin reviewing and analyzing the completed questionnaire. Does your community have specific needs for services that your club can provide? Are other clubs and organizations duplicating your club's efforts? Do any of your programs need to be updated, improved or even stopped? In summary, what does your community need and how can your club get involved?

6. Share Your Results with Your Club

Ask the committee to share the analysis at a club meeting. Get feedback from your fellow members. Discuss whether your club's current services and programs are meeting the needs of your community. Open the floor to new ideas that can help make your community better.

7. Share Your Results with Other Lions

Your multiple district membership chairman would be interested in your findings. In addition, if you have uncovered opportunities and needs outside your club service area, you would want to alert your district governor.

8. Share Your Results with the Survey Participants

Thank them in writing or by telephone for participating in the survey. Discuss how their input has helped the club define their programs to better serve the community. Ask if they are interested in working with Lions. Find out if they want to learn more by attending the next club meeting.

The Lions Community Needs Assessment worksheet (MK-9) is available on the Lions Clubs International website <http://www.lionsclubs.org>.

Effective Club Fundraising

Lions Community Needs Assessment

Sample Cover Letter

To be attached to questionnaire prior to mailing to community resource people

Date

Name/Address

Dear (Name):

To provide better service to (name of community), the (name) Lions Club is conducting a survey of important resource people in this community. Our goal is to clearly identify those humanitarian services, which we -- as a service club -- could provide. We hope you will help us identify areas of need within our community for which we may offer assistance.

By completing the attached questionnaire, you will help us determine needs in certain areas of human concern. Please feel free, however, to comment on any community services need which you feel would benefit our community.

We also encourage you to forward a copy of this survey to any other resource person whose comments you believe would be helpful to our survey.

Please return the completed questionnaire by (date). After we have compiled our data, a representative of our club will contact you to discuss what we learned from the assessment and how we might work together.

In the meantime, if you have any questions, feel free to call me at (phone number). We would be happy to hear from you.

Sincerely,

(name of Lion)

Effective Club Fundraising

9. Lions Clubs International Foundation (LCIF) Funding Programs

What is LCIF's Mission?

To support the efforts of Lions clubs around the world in serving their local communities and the world community through humanitarian service, major disaster relief and vocational assistance programs.

How is the Foundation governed?

A board of trustees comprised of the LCI board of directors, plus two appointed members governs LCIF. The immediate past international president of LCI always serves as chairman of the board of trustees.

How are the Foundations's objectives achieved?

Through its grant program, LCIF provides the necessary funds to mobilize Lions to meet vital worldwide needs. LCIF's grant programs include:

Standard grants – meet a wide range of community needs, including construction of schools and hospitals, homes for the elderly and the development of training programs. The project must be beyond the scope of traditional club and/or District fundraising activities and have the support of several clubs in the District.

SightFirst grants – support projects that fill the gaps between what is being done and what needs to be done to curb the rapid growth of preventable and reversible blindness. SightFirst projects respond to one or more of the leading causes of blindness: cataract , trachoma, onchocerciasis (river blindness), glaucoma and diabetic retinopathy. The Lions Eye Health Program (LEHP), which is part of the SightFirst program, enables Lions to fight the two leading causes of blindness in developed countries: glaucoma and diabetic eye disease. A SightFirst grant proposal may originate from any single, sub or multiple district.

Core 4 grants – provide grants of up to US\$200,000 for high-impact Lions' service projects. Grants are awarded for select priority projects, as identified by the Board of Trustees, in the areas of sight, health, disability and youth.

Emergency grants – award up to US\$100,000 to meet immediate needs for food, clothing, medical supplies or blankets following a natural disaster. The District Governor can apply for this grant and funds are usually received in 48 hours. (LCIF is not a primary relief agency.)

Major Catastrophe grants – relieve suffering caused by catastrophes of national or international impact.

Effective Club Fundraising

Lions Clubs International Foundation (LCIF) Funding Programs

International Assistance Grants (IAG) – fund projects that improve the quality of life through primary health care, food self-sufficiency and similar projects. Grants in this category require that Lions in at least two countries be involved in this project.

Major International Service Program (MISP) grants – serve as an important part of LCIF's outreach and have been awarded for diabetic retinopathy research, drug awareness and SightFirst.

More information on LCIF can be found on the Lions Clubs International website at <http://www.lionsclubs.org>.

Effective Club Fundraising

10. The Ontario Trillium Foundation Funding Programs

The Ontario Trillium Foundation's goal is to work with others to make strategic investments to build healthy, caring, and strong economic communities in Ontario by support ideas that bring about lasting change and ensure that many different people can take part in every aspect of life.

Funding Sectors

Arts & Culture

In the arts, the Ontario Trillium Foundation funds organizations and activities in all disciplines, whether professional or amateur, including performing, media and visual arts, literature, arts education and community arts initiatives. In culture, the Foundation looks for activities that preserve and promote a community's heritage and diverse cultures.

Environment

The Foundation supports efforts to protect, restore and promote the benefits of a clean environment. These efforts encourage communities to take responsibility for a healthy environment.

Sports & Recreation

The Foundation's focus in this sector is on community-based activities that create opportunities for people of all ages and abilities to take part in a wide range of sports and leisure programs.

Human & Social Services

While many grants in this sector are about meeting people's immediate and often urgent needs, we are also very interested in requests that focus on developing the skills and confidence that can reduce those needs, break cycles of poverty and isolation, and build better futures.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

Program Goals

Within each sector or across several, The Foundation is seeking applications that achieve at least one of eight goals. The examples that follow each goal are just some of the ways our funding has been used in the past. There are many other possibilities and The Foundation encourages you to explore them to meet the needs and interests of your community, your audience, your members or your clients.

1. **Create Economic Opportunities** for communities by building skills, creating work or developing income-generating activities.

For example:

- Revitalizing a neighbourhood with a dance festival that promotes tourism and partners with local businesses to increase economic impact.
- Promoting renewable energy to benefit local communities.
- Helping rural women leaving abusive situations make the transition to financial independence.
- Providing people with disabilities with barrier-free access to employment training and work experience in a storefront employment centre.
- Certifying youth from low-income communities as sports and recreation instructors.

2. **Contribute to Community Vitality** by making a significant contribution to the quality of life within a community.

For example:

- Producing a video celebrating multicultural artists' contributions to the community and distributing it to schools, libraries and community centres.
- Developing a children's water safety and sailing program.
- Supporting an after-school youth drop-in centre offering free literacy and numeracy training in a rural community.
- Putting on environmental festivals in communities across the province that involve local people in discovering and protecting their waterfronts.
- Forming support circles of volunteers and friends around vulnerable adults who are socially isolated and/or at risk.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

3. **Increase Access** by removing financial, physical, social, cultural and language barriers that prevent participation in all aspects of life.

For example:

- Establishing a sports equipment loan program for low-income families.
- Making accessibility renovations to a building housing a Francophone organization that provides employment services to people with disabilities.
- Making the bereavement support services offered by an urban hospice culturally and linguistically appropriate for all participants.
- Developing a travelling visual arts show promoting contemporary Native art.
- Providing ASL interpreters during a theatrical performance to accommodate people with hearing impairments.
- Initiating a recycling program for remote communities.

4. **Enhance Volunteerism** by recruiting and training volunteers, strengthening organizational capacity to engage volunteer talent and experience, and diversifying the volunteer base.

For example:

- Hosting a local conference for volunteers that will provide opportunities for volunteer networking and skill-building.
- Developing a recruitment strategy to attract volunteers from different ethnic backgrounds to provide culturally appropriate support and crisis intervention at a local distress centre.
- Training youth as volunteer guides to provide tours to visitors of a local historical museum.
- Recruiting professionals to volunteer their time in helping community organizations to improve their marketing, fundraising and strategic planning capacity.
- Engaging volunteers in habitat restoration by planting trees.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

5. **Foster Community Harmony and Safety** by encouraging people to value and treat each other with respect.

For example:

- Promoting understanding and acceptance between First Nations and non-Native communities through the sharing of each other's history and culture.
- Working with youth to transform an urban alleyway into a public art mural.
- Producing and distributing a video about people with mental health issues who are changing their lives by working in community businesses.
- Delivering "play safe" programs to children and youth to reduce violence in sports.
- Creating a response to elder abuse conflicts based on family mediation and dispute resolution principles.
- Organizing a campaign to promote the safe disposal of household hazardous waste.

6. **Find Community Solutions** by preventing or addressing the underlying causes of problems and building accessible, responsive support systems.

For example:

- Working with teenage mothers to stage a play based on their experiences and touring it to local schools.
- Linking local police with Native youth on a wilderness experience to challenge assumptions and foster mutual respect.
- Piloting a volunteer service for vulnerable adults living in residential settings to assist in cases of neglect, abuse and/or human rights violations.
- Working to promote energy-efficient retrofits and water conservation practices.
- Establishing a consortium of groups across southern Ontario to coordinate efforts to upgrade unused rail lines for community trail use.
- Promoting pollution prevention and green technology to small businesses.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

7. **Make Better Use of Community Facilities or Land** by repairing, renovating, regenerating or making them available to community groups.

For example:

- Creating a community garden on an empty lot, featuring an organic gardening demonstration site.
- Converting an unused space into a studio and conference centre for multi-disciplinary arts.
- Renovating abandoned facilities along a waterfront to increase participation in canoeing and water-skiing.
- Using local greenhouses to grow trees that will be offered to community members for a “Plant A Tree” project.
- Renovating the entrance and washrooms of a former bakery for use as a barrier-free crafts studio for seniors.

8. **Increase the Effectiveness of Organizations** by finding better ways to do their work in order to support their community more effectively.

For example:

- Merging several agencies to improve services and achieve economies of scale.
- Assisting an orchestra and a theatre company to jointly buy a networked box office/fundraising computer system.
- Providing staff salaries and overhead costs to new sports councils that will coordinate community sports activities.
- Developing and implementing a provincial leadership training program for members of a disability community.
- Producing a video for different multi-cultural communities in several languages to be used to educate people on the availability of mental health services.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

Grant Programs

The Ontario Trillium Foundation receives an annual allocation of \$100 million from the Government of Ontario. This money is divided between two granting programs: **Community and Province-Wide**. Within both programs the Foundation is committed to continuing our long-standing support of seniors, people with disabilities and barrier-free access.

Funding is available in both programs within the same four sectors — **Arts & Culture, Environment, Sports & Recreation, and Human & Social Services** — and the Program Goals and Assessment Criteria apply to both. The important difference between them is the scope.

Community Program

The Community Program is for activities that **take place in one catchment or regional area** and have a local impact on one or more communities within it. Sometimes the people who participate in the activity will come from farther afield, but what will determine whether your proposal fits in the Community Program will be where the activity takes place. If, however, several branches, chapters or member agencies of a provincial organization are going to apply for the same kind of activity — training, for example — to several catchment areas, it may make more sense for the provincial organization to apply for Province-Wide funding. For further clarification, please call a Program Manager.

Funding Available:

Community grants account for 80% of the Ontario Trillium Foundation's funding and are made by catchment area allocations assigned on a per-capita basis. For details on sub-catchment area allocations, please call us or check our website. You can apply for:

- Single or multi-year grants of up to \$75,000/year for up to five years.
- Grants of up to \$75,000 for renovations/repairs and equipment purchases over one year. Applicants from rural and small communities should consult their Program Managers about local priorities.

Deadlines:

Applications to the Community Program can be submitted at any time. However, some Community Grant Review Teams set local deadlines as another way of responding to community needs. To find out what these are, please call a Program Manager.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

Province-Wide Program

This program funds proposals with a **province-wide impact**. At a minimum, the work must take place in **three catchment areas, or two in the North**. The North includes the Northwestern, Algoma-Cochrane-Manitoulin-Sudbury and Muskoka-Nipissing-Parry Sound-Timiskaming catchment areas.

There are several ways an application can qualify as “province-wide”:

- a. The work is being done by umbrella groups with a province-wide or national mandate. These are usually provincial or national organizations with branches or chapters across the province or country. Grants to national organizations are made according to their impact in Ontario.
- b. The work is being done by a network of organizations from across the province that submits a collaborative request with clear province-wide impact.
- c. The activity is a model that could be reproduced across the province. A model is a program or service, or a way of delivering a program or service, that is both unique in Ontario and capable of being reproduced in many different places. Applications for funding models could include:
 - the development or evaluation of a new model.
 - the reproduction of either a new or existing model.
- d. The activity involves the sharing of knowledge and results with others across the province.
This could include the distribution of a publication or video or the sharing of research findings, for example.
- e. The work is being done by a local group that has:
 - built partnerships in at least two other catchment areas to share in or benefit from the work.
 - made plans to take an activity to other areas, for example, a program of workshops, a travelling exhibition or a performance tour.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

Funding available:

Province-Wide grants account for 20% of Trillium's funding. You can apply for:

- Single or multi-year grants of up to \$250,000/year for up to five years.
- Grants of up to \$75,000 for renovations/repairs and equipment purchases over one year.

It is strongly recommended that you discuss any request over \$500,000 with a Program Manager before applying.

Deadlines:

In the Province-Wide Program, there are two application deadlines per year: **May 15** and **October 15**. Applications that are received after these dates will be considered for the next deadline.

Of special note to all applicants:

Funding available:

- The total amount of an approved grant is deducted from a single Ontario Trillium Foundation budget year, even if the grant is payable over a number of years.
- The decision to fund all or part of a request is directly related to the fit with Program Goals and Criteria; demand for funds; the dollars available per sector, catchment area or sub-catchment area; and local or province-wide priorities.
- It is possible to apply as a single organization and as part of a collaborative at the same time, provided it is for different activities.
- Although normally the Ontario Trillium Foundation will approve only one grant at a time to a single organization, groups in rural and small communities should consult a Program Manager about local priorities.

Timelines:

- The review process takes approximately 90 days (three months) for requests of \$25,000 and under and approximately 180 days (six months) for requests of over \$25,000.
- If an application is missing some of the required attachments and/or is not properly completed, these timelines will increase. Please bear this in mind when applying for time-sensitive projects.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

Types of Funding

In the Community and Province-Wide Programs, we provide three kinds of funding. Operating, Project, and Equipment & Renovation grants are available individually or in combination.

Operating Grants

Operating costs are defined as a group's ongoing program and administration costs. If you request operating funding, you must be able to show sustainability in the long term, clearly outlining how you will replace the Ontario Trillium Foundation funding in the year after the grant ends.

Project Grants

Project funding is usually aimed at work that has a defined beginning and end, and may be an addition to your regular activities.

Equipment & Renovation Grants

Capital funding is available for making repairs, renovations or improvements to lands and buildings, or buying equipment that will have a direct effect on your programs or activities. Please note:

- You must own or lease the building or lands to which repairs, renovations or improvements are to be made. Either proof of ownership or a five-year lease must be provided before any renovation application can be approved.
- The Ontario Trillium Foundation will not fund any renovation or equipment costs committed before the approval of the request.

Effective Club Fundraising

The Ontario Trillium Foundation Funding Programs

What the Trillium Foundation Will Not Fund

- replacement of government funding.
- duplication of funding received from another funder.
- budget deficits.
- religious activities.
- partisan or political activities.
- activities that could be deemed discriminatory.
- medical research or medical equipment.
- annual fund drives, capital campaigns or special fundraising events/campaigns.
- new construction (adding to an existing building's square footage), unless its primary purpose is to create access.
- dismantling, moving and reassembling buildings.
- the purchase of land or buildings.
- retroactive funding.
- activities that take place outside Ontario.

Further information on the Ontario Trillium Foundation can be found on their website at <http://www.ontariotrilliumfoundation.org>.

11. Quebec Funding Programs

Secrétariat à l'action communautaire autonome du Québec

website – www.saca.gouv.qc.ca

email – saca@saca.gouv.qc.ca

telephone – (800)577-2844

Description

In 1995, the government created the Secrétariat à l'action communautaire autonome du Québec (Québec secretariat for independent community action - SACA) and the Fonds d'aide à l'action communautaire autonome (fund to assist independent community action). Through the funding mechanism established by the Act to amend the Act respecting the Ministère du conseil exécutif and the Act respecting the Société des loteries du Québec, this special fund ensures that community action funding is available on an ongoing basis, year after year.

Effective Club Fundraising

Quebec Funding Programs

Mandate

- Administer the Fonds d'aide à l'action communautaire autonome (fund to assist independent community action), whose financing represents 5% of the net profits of State casinos and associated businesses, and manage the supplementary appropriations granted when the government's community action policy was implemented.
- Issue opinions on government assistance to be awarded to community organizations.
- Act as trustee and paymaster for the Ministère des Relations Internationales Secrétariat à l'aide humanitaire internationale (secretariat for international humanitarian assistance). Funding is provided by the Société des loteries du Québec at 1% of the net profits of State casinos.
- Help fund community action and contribute to collective rights advocacy.
- Facilitate community organizations' access to government resources, notably by providing information and support.
- Promote greater awareness of community action and volunteer activities Québec, both within the government and among Quebeckers.
- Administer attribution of the Hommage bénévolat-Québec (volunteer recognition) award.
- Coordinate implementation of the government policy Community action: a crucial contribution to the exercise of citizenship and the social development of Québec, notably the work of the Comité interministériel sur l'action communautaire (interdepartmental community action committee), the Table de concertation (roundtable) and the Comité aviseur de l'action communautaire autonome (independent community action advisory committee).
- Evaluate the establishment of the government policy Community action: a crucial contribution to the exercise of citizenship and the social development of Québec.

Effective Club Fundraising

Quebec Funding Programs

Services Statement to Citizens

Here is SACA's Service Statement to Citizens. Based on the wishes and expectations of community organizations, its clientele, this Service Statement contains the service quality commitments of SACA and its personnel.

In order to better meet community organizations' needs, these commitments will be reviewed annually and the extent to which they are respected assessed periodically.

We encourage you to read this Service Statement and give us your feedback. This way, you will help us achieve our goal of improving the quality of the services we offer.

Effective Club Fundraising

12. Fundraising Experiences of Participants

- Seek examples from participants – add to flip chart
- Brief discussion of what works and what doesn't (club experience)
- Myriad of functions – recognize that not all would work for your club -(depending on membership, facilities available, support from municipality and location (age, large city, smaller township, rural etc.)

Effective Club Fundraising

13. Planning a Fundraising Event

Before beginning a fundraising project, ask yourself the following questions:

What are the needs of the community?

How can we help meet those needs?

What are the needs of your community?

- Use the Lions Community Needs Assessment process to determine projects that are important to the people in your area.
- Review the needs assessment results and discuss with your club.

How can we help meet those needs?

- Determine how you want to raise funds to meet those needs.
- Get your clubs approval on the concept for the fundraising event.
- You have determined that a raffle would be a good method to raise funds.
- Determine a prize that people would want to buy tickets for. Write letters to local businesses and visit them personally to see if they would be willing to assist in the fundraising venture by contributing a prize, part of the prize or funds. Donated prizes = more profit. Some businesses like to sponsor or underwrite fundraising projects of service clubs because of its good publicity and they can write the expenses off.
- Determine the cost of the tickets so that people would buy them and enough money could be raised.
- Determine the number of tickets that need to be sold. Some communities limit the number of tickets that can be sold based on the value of prizes.
- Once you have gathered the above information, present the results to the club membership and get their approval.
- Determine if the project is too big for your club. If so, you may want to consider involving a neighbouring Lions club or other organization.

Effective Club Fundraising

Planning a Fundraising Event

Form a fundraising committee, ensuring that there are enough people. Don't do the work yourself. The committee could consist of the following people: Fundraising Chair, Secretary/Treasurer (not necessarily the club secretary or treasurer), Advertising/Public Relations, and Ticket Sales Coordinator.

- Know your community – use the Lions Community Needs Assessment.
- Let your community know why you are fund raising.
- Know your responsibilities and liabilities.
- Determine a draw date. Time the date of the draw with another event such as carnival or fair. This should increase last minute tickets sales during the event.
- Determine the costs of the fundraising event such as advertising, tickets and prizes, etc.
- Obtain lottery licenses and permits from your local municipal government.
- Print the tickets. Include the lottery license number, where the raised funds are going, the prizes and ticket costs.
- Distribute the tickets to club members and stores willing to participate.
- Advertise, advertise, advertise.
- All funds collected from ticket sales to go to the treasurer as soon as they are received.
- Arrange to sell tickets at malls, carnivals, fairs and other special events where people come together. Make sure you get permission from the proprietor of the location where the tickets are being sold. People will purchase tickets because we are Lions.,
- Make an event out of the ticket draw, prize presentation and cheque presentation by the inviting the local press and media.
- Ensure that all expenses have been paid prior to the presentation of the cheque.
- As soon as the event is complete, write personal thank you letters to the businesses that contributed or sold tickets and everyone that helped out. You may even want to hold a party.
- All of this promotes good public relations, public awareness of Lionism, harmony and fellowship, and potential new members.
- Most of all, have fun - a laugh is contagious.

Effective Club Fundraising

14. Breakout Session (if time permits)

- Break participants into small groups
- Each group to select a fundraising idea and determine how they would go about implementing that idea within their club
- Each group then presents their results

Effective Club Fundraising

FUNDRAISERS: SHARE YOUR SUCCESSES Presenter: Council Chair Dr. Patti Hill

Lion Dr. Patti Hill belongs to the Edmonton Host Lions Club in Edmonton Canada. She is currently serving as the Council Chair for MD37. Lion Patti is a Key member, a Melvin Jones Fellow, a Judge Brian Stevenson Fellow, and has received the International President's Certificate of Appreciation. Dr. Hill works in private practice as a school psychologist and special needs consultant. Lion Patti has two children, Pieter, age 12, and Jessica, age 11.

How does your club raise funds to support the projects that are not just labours of love? Do you have annual events that your club and your community look forward to every year? Do you need novel ideas, something to break the monotony of the fundraisers your members have worked at for years?

Very few Lions, Lioness or Leo Clubs operate solely as hands-on service providers. When we set out to build a better community and a better tomorrow, we seldom can do so without some consideration for the fundraising side of Lionism. Most of us find ourselves involved in the types of community service that require us to raise money to support our projects and good works. So the questions become:

1. What is a successful fundraiser?
2. How do we capture our share of the market?
3. How do we keep our volunteers volunteering?

WHAT IS A SUCCESSFUL FUNDRAISER?

We can focus our attention for a moment on the aspects of Lionism that can be achieved *only* through financial support:

- Helping youth exchange students pay for airline tickets (few of us can simply volunteer to fly them places, we have to donate money)
- Buying a wheel chair – I know for sure that I don't know how to build one from scratch
- Paying for a Peace Poster kit for each school in my community – so far I have had no success trying to pay the club supplies office using the barter or trade system, so cash in the Lions Club bank account is required.

Fundraisers come in all shapes and sizes. Sometimes the money raised comes from:

- the public (individuals and corporations)
- grants, or
- planned giving.

It often helps us to get out that same old fundraising rut that has become our worn path to the bank if we simply look at the fundraisers that have been successes for other Lions Clubs. I've reviewed successful fundraisers and categorized them by their descriptions, the types of skills your members need to make these successful, the types of charities that are the beneficiaries, the club contact for more information and the types of monies raised.

Effective Club Fundraising

HOW DO WE CAPTURE OUR SHARE OF THE MARKET?

There can be no doubt that we spend part of our volunteer service time raising funds. Our time is valuable even if we call it 'free' time. Most of us don't want to find out that our efforts did not capture the imagination or participation or donations from the public.

In today's society, parents are often called upon to help raise funds for minor sports teams. Sometimes the grandparents are conscripted into service too. With all the demands for the public to contribute to our fundraisers, the pressure is on when we try to capture our share of the market out there.

How do we capture the market?

Why do we all buy Girl Scout cookies every year? We know that they are coming. We should just lock the doors and save ourselves the 4000 calories that we really don't need. But no, every year, we buy the cookies. Why? Because we know they are coming, we understand the cause, and the cookies are good. The Girl Scouts or Girl Guides have cornered the market on door-to-door cookie sales. How did they do that? Well, they are predictable, they have a desirable product, and every year they reward me with their imagination, their unique sales pitches that I love to hear.

Predictability - Some fundraisers work because they are predictable. Our communities know that we will come to them every year for support and they build our needs into their community giving. This is particularly true for sponsorships for events such as golf tournaments. We need to be advising these corporations or partners that we will be asking for their support, or we may find ourselves very disappointed. Many of the larger organizations allocate their donations at least 12 months in advance. If we find ourselves being turned down when we approach them, it is important to ask them to plan for our return next year.

Desirability - Are you raffling a prize that is desirable? People won't pay much to golf with me but they might pay to golf with Tiger Woods.
Are you offering a product that people will want to use? I have never found a use for some of the things one buys at the fair each year, but boy didn't those sales people make the gadget *sound* desirable. Are we fundraising on the basis of a desirable product?
Are we fundraising for such a good cause that I won't care if my ticket wins: I'll make the donation anyway?

Novelty - People like the unusual. We've all been asked to buy tickets to a fundraising dinner. For many of us that costs more than the price of entrance: there is the babysitter, the outfit to wear, the bidding on the silent auction items when we get there and so on. Have you ever been invited to but a ticket to a dinner that wasn't going to happen – Just buy the ticket, stay home and relax?

(Sharing of ideas from the audience)

HOW DO WE KEEP OUR VOLUNTEERS VOLUNTEERING?

In order for a volunteer to continue to contribute their free time, project after project, year after year, there must be something in it for them. For many volunteers the rewards come from:

- Spending time with fellow Lions – don't send those Lions out to work alone.
- Meeting with the public and talking about Lionism or the project
- Not meeting with the public, but working behind the scenes
- Making the fundraiser into a social event with friends
- Celebrating when the project is over and recognizing the Lions for their various contributions
- Being recognized on the broader community stage
- Being able to make a difference to a cause or an individual
- Felling part of something important

Effective Club Fundraising

16. Some Things to Watch Out For

- Lottery licences
 - If you are raising funds from the public via raffles, bingos, etc., you must have a lottery license and the funds raised, less direct operating expenses of the fundraising activity, must be returned to public use
- Liability
 - Lions insurance:
 - provides automatic coverage for all Lions Clubs, Leo & Lioness, etc. & individual Lions acting on behalf of named insured against 3rd party liability claims of bodily injury and/or property damage arising out of Lions activities for up to \$1,000,000
 - Does cover your legal fees
 - Lions policy does not cover injuries and damage to individual Lions, Leos and Lioness members and their property
 - Excess Coverage Policy – will only pay claims in excess of any other valid and collectible insurance
 - Joint Projects – co-sponsors are not protected by Lions policy
 - Special Considerations:
 - Dunk Tanks
 - Amusement Rides
 - Carnivals
 - Circus
 - Rodeo
 - Racing
 - Concerts
 - Fireworks
 - Swimming Pools
 - Playgrounds
 - Construction projects
 - Exclusions: operation, maintenance or use of automobiles, trucks, buses, or other craft owned by Lions Club or owned by another and used in connection with Lions' activities
 - ownership, maintenance or operation of an aircraft, including hot air balloons
 - sale or distribution of alcoholic beverages

Effective Club Fundraising

Some Things to Watch Out For

- Liability
 - If you have an event where alcoholic beverages are sold, distributed or consumed:
 - you must have a liquor license
 - you must have additional insurance
 - Lions serving alcohol in Ontario must have their Smart Serve card
 - Annually renewing your clubs incorporated status protects individual Lions against liability
 - If there are other parties sponsoring an event ensure you obtain a certificate of insurance from the other parties to prove that they have insurance coverage
 - Protect yourself as much as possible from frivolous lawsuits
- Permits – health, etc
- Emergency services – first aid/police/fire

Effective Club Fundraising

Some Things to Watch Out For

- Use of Lions Trademark/Emblem

- The Associations name and emblem are registered trademarks around the world
- LCI Legal is responsible for guarding against infringement
- Association's trademarks include:
 - Lions
 - Lions Clubs
 - Lions International
 - Lions Clubs International These may not be sold or distributed either to Lions members or the public without written permission of General Counsel or Club Supplies Division at LCI
- For fundraising purposes the special "Lions Club Fundraising Activity" seal is only emblem that can be used
- Automatic permission granted to Lions Clubs and Districts for district stationary, bulletins, and other printed materials reasonably necessary
- Lions should report unauthorized use to Legal Division

Effective Club Fundraising

17. Some Fundraising Suggestions

- Don't do it alone – do it by committee, just in case that Lion ceases to be a member of the club
- If someone can't offer money, ask them to offer their time
- Get the approval of the membership
- All the fund raised to go to the Treasurer as soon as money is received (don't hold onto the money yourself)
- Don't reject an idea out of hand if it didn't work before
- Have every member in your club think of 1 or 2 fundraising ideas and then pool those ideas
- Always leave enough lead time – don't leave things to the last minute
- Advertise, advertise, advertise
- Good public relations raises your club's profile within the community
- Know your community
- Let your community know why you are fund raising
- Know your responsibilities and liabilities
- If your project is too big, piggyback with another Lions club or organization
- Appropriate prizes
- Make sure all the bills for the event are paid before you present a final cheque to the recipient
- Send lots of thank you letters. Your thoughtfulness and appreciation will be remembered
- Most of all, have fun - a laugh is contagious

Effective Club Fundraising

18. Fundraising Session Wrap Up

- Seek final comments from participants – add to flip chart
